Assignment 1
Html and Css

Student Name	Rabin.R
Student Roll Number	961819205020
Maximum Marks	2 Marks

Question:

Create html file

1) **4 input boxes**

   -name

   -qualification

   -age

   -email

   -submit button

Solution:

Form.html

```html
<html>
    <head>
        <title>Form</title>
        <link rel="stylesheet" href="style.css">
    </head>
    <body>
        <h1>Form!</h1>
        <form id="form">

            <div class="form-control">
                <label for="name" id="label-name">Name:</label>
                <input type="text" id="name" placeholder="Enter your name">
            </div>

            <div class="form-control">
                <label for="email" id="label-email">Email:</label>
                <input type="text" id="email" placeholder="Enter your Email">
            </div>

            <div class="form-control">
                <label for="age" id="label-contact">Age:</label>
                <input type="text" id="age" placeholder="Enter your Age">
            </div>
            <div class="form-control">
                <label>Your Role:</label>
                <select name="role" id="role">
                    <option value="student">Student</option>
                    <option value="teacher">Teacher</option>
                </select>
            </div>
            <div class="form-control">
                <label>Qualification:</label>
                <input type="radio"
                id="option-11th"
```

```
                    name="radio-homework">11th</input>
                <input type="radio"
                id="option-12th"
                name="radio-homework">12th</input>
                <input type="radio"
                Id="option-Degree"
                name="radio-homework">Degree</input>
            </div>
            <div class="form-control">
                <label>Languages you know:</label>
                <label for="python">
                    <input type="checkbox" name="language">Python</input>
                </label>
                <label for="c">
                    <input type="checkbox" name="language">C</input>
                </label>
                <label for="C++">
                    <input type="checkbox" name="language">C++</input>
                </label>
                <label for="Java">
                    <input type="checkbox" name="language">Java</input>
                </label>
            </div>
            <div class="form-control">
                <label for="suggestion">Any other suggestions?</label>
                <textarea id="suggestion" placeholder="Add any suggesstion"></textarea>
            </div>
            <div class="form-control">
            <button type="Submit" value="Submit">
                Submit
            </button>
            </div>
        </form>
    </body>
</html>
```

Style.css

```
body{
    background-color:#1cf2bc;
    font-family:verdana;
    text-align:center;
}
form{
    background-color:azure;
    max-width:500px;
    padding:13px;
    margin-left: 350px;
    box-shadow:2px 5px 10px rgba(0,0,0,0.7)
}
.form-control{
    margin-bottom:5px;
}
```

Output:

Form!

Name: [Enter your name]

Email: [Enter your Email]

Age: [Enter your Age]

Your Role: [Student ▾]

Qualification: ○ 11th ○ 12th ○ Degree

Languages you know: ☐ Python ☐ C ☐ C++ ☐ Java

Any other suggestions? [Add any suggesstion]

[Submit]
